PROPOSED SALARY: Up to \$55,212
Reports to: Director, Pipeline Safety

Agency Profile: *The mission of the Washington Utilities and Transportation Commission is to protect consumers by ensuring that utility and transportation services are fairly priced, available, reliable, and safe.* The WUTC helps consumers make informed choices about their use of utility and transportation services; provides regulatory oversight in the absence of effectively competitive markets; ensures consumer protection is maintained during and after the transition to more competitive markets; and ensures public safety is achieved by minimizing hazards resulting from company practices. The Commission is an adaptive organization that values the contributions of all employees.

Duties & Responsibilities: This newly created position will be responsible for performing professional cartography work using conventional and/or computerized methods, as part of the new pipeline safety oversight responsibilities that the Commission is assuming in a partnership with the federal government. The position will perform cartographic evaluation, analysis, compilation, information derivation, and develop processes and procedures to gather, prescribe and interpret information input and to produce maps or map/data products regarding pipeline activities.

Successful Candidate Profile: The Commission is most interested in candidates who:

- Has educational course work or a degree in cartography, geography, photogrammetry, geographic information system, computer sciences, remote sensing, land survey, civil engineering, natural resources or closely related field and/or experience in technical cartographic or geographic information systems production.
- Has excellent oral and written communication skills.
- Has the proven ability to work effectively within a team environment and with a diverse group of technical experts.

Conflict of Interest: RCW 80.10.020 limits the Commission's ability to employ any person who owns stock in any company the Commission regulates or is otherwise financially interested in such company. Such interests include those of an employee's spouse.

How to Apply: Interested candidates should submit a detailed resume, complete list of three to five references, and a detailed letter of interest addressing the qualifications listed in the announcement to the address listed below. If you have decided to apply for this position, please complete the Applicant Profile Data form and submit it with your application packet. This information will assist in ensuring equal employment opportunity and is strictly confidential, available only to authorized staff and the hiring authority. Please check or write appropriate responses.
